## *Introduction*

# More Than Just a Supplier We Are Your Growth Partner

Welcome to UNIVOR. We understand that running a preschool is about more than just education; it's about creating an environment where children feel safe, confident, and ready to learn.

The journey of a thousand miles begins with a single step and for a child, that step begins with their first uniform and their first school bag.

As a premier preschool student kit supplier, UNIVOR bridges the gap between high-quality manufacturing and the specific needs of early education centres. We don't just sell products; we deliver consistency, comfort, and a professional brand image for your school.

## *The Problem & Solution*

# Stop Juggling Vendors Start simplifying Operations

Running a school is hard enough without  
the stress of supply chain chaos

### • Multiple Vendors

Dealing with one person for uniforms, another for bags and a third for books.

### • Inconsistent Quality

Mismatched colors and poor fabric that fades after two washes.

### • Late Deliveries :

Admission season starts, but supplies haven't arrived

## 1 Partner Standard Delivery

We consolidate your entire student supply chain under one roof. No more chasing vendors. No more quality compromises. Just premium, customized kits delivered to your doorstep, ready for your students.
